## Review of range setters ability to participate in the event

---

At the nationals in 2015 it was brought to the committee's attention that we need to review the current policy and make it clearly understandable.

The committee acknowledges that there is considerable work involved in setting up 3D courses, and this involves a number of people from clubs all working on different aspect of creating safe and enjoyable ranges for our members.

Therefore in acknowledging this the committee considers the following rule to be acceptable and not provide the competing archer an unfair advantage over their competitors.

**Where the nominated official(s)** – person used to check the ranges with a range finder or other device to measure distance – this person is not permitted to compete in the competition.

It is deemed that this person would have an unfair advantage in the competition.

This person may elect to shoot the event, but would need to compete under the NCC division and score will not count towards any of the 3D AAA awards.

In competing in this division the archer will not be allowed to compete in the Top Ten if one is organised.

**Where a member of 3D AAA or non-members assist in the layout of the course** - ie. putting out the pegs under the instruction of another team member, carting and placing targets onto the range and or placing markers to safely move archer from one target to another safely, where the member plans a range and creates target layout or a member is nominated to cross check the ranges for safety (not using any form of range finding facility) – these members / non-members will not be seen as gaining an unfair advantage over other archers in the competition.

Any perceived advantage that these archers may have, is also impacted by the fact that setting up these courses also impacts these archers ability to compete at their full potential, due to fatigue and other factors which another competitor not involved in the process is not subjected to.

In allowing this flexibility it is also an encouragement for more members to actively take part in learning how to set up a 3D course.

The Association also acknowledges its members integrity and sportsmanship to not bring the game or its members into question for unsportsmanlike behaviour.

# Rules of Shoot

## SECTION 1

### ELIGIBILITY AND QUALIFICATIONS TO SHOOT

#### A 3D AAA TOURNAMENT YEAR

The 3DAAA Tournament Year begins upon December 1st of each calendar year and ends the following November 30th.

#### B CLASS ADVANCEMENT BY AGE

- B1. Cub & Youth archers will progress in class standing on December 1<sup>st</sup> of each calendar year. Regardless of actual birthdays they will maintain class standing (Cub/Youth) until the following December 1<sup>st</sup>.
- B2. Adult archers may register at any event, for any class the archer is eligible, based on their age on the day of registration.

#### C QUALIFICATION TO PARTICIPATE IN THE WORLD CHAMPIONSHIP

In order to compete in the IBO World Championship an archer must be an IBO Member. Competitors wishing to enter the World Titles must have their entry certified by the Association prior to lodging it with IBO.

## SECTION 2

### TARGETS AND SCORING AREAS

#### A 3D TARGETS

- A1. At all 3DAAA Sanctioned Shooting Events, targets shall consist of 3-D type animal targets which meet the current 3DAAA Target Policy.
- A2. Host Clubs will mix the size and type of the animals as long as the targets meet the current 3DAAA Target Policy.
- A3. Targets shall be set at unmarked distances. The maximum distance for each stake shall be as follows:
  - A.3.1 Orange stake = 50 yards (45.72 meters)
  - A.3.2 Green Stake = 45 yards (41.15 meters)
  - A.3.3 Yellow Stake = 40 yards (36.58 meters)
  - A.3.4 White Stake = 30 yards (27.43 meters)
  - A.3.5 Red stake = 25 yards (22.86 meters)
  - A.3.6 Blue stake = 15 yards (13.72 meters)
- A4. Targets should be set so they are distinguishable with the entire vital area (8 ring) unobstructed. Range setters are to ensure targets are placed so that the entire vital area is visible to archers of varying heights

# Rules of Shoot

## B SCORING AREAS

For all 3DAAA Sanctioned Shooting Events, the targets shall have scoring areas as follows:

- B1. A "10 ring" consisting of a circle inside the vital area.
- B2. A vital area (8 ring) that roughly approximates the heart, lung and liver area of the appropriate animal.
- B3. The remainder of the animal shall be considered a "body" and be scored as five (5) except as set out in Paragraph B.5 below.
- B4. An arrow embedded in the horn of an animal, not touching body colour, is considered a miss and is scored as a zero. Targets with legs or hooves of a different colour than the main body will still be considered as body colour for scoring.
- B5. Some targets have material surrounding the actual outline of a target animal. This additional material will NOT be counted for score.

## SECTION 3 EQUIPMENT

### A GRAINS PER POUND AND ARROW SPEED

- A1. Arrows must weigh at least five (5) grains per pound of the bow's maximum shooting weight unless the archer's equipment qualifies for the exception, as set out in Paragraph A.2 below. Shooting weight is defined as the bow's maximum draw or thrust weight, as set up at the time of competition. A variance of five (5) grains or two (2) pounds of draw weight shall be allowed for scale variation (not both). For example: you will not be allowed to have a bow two (2) pounds heavy with an arrow five (5) grains light for the weight you thought you had (295 grain arrow and a 62 pound bow weight). Equipment qualifying in this Paragraph A.1, shall have no limit on arrow speed.
- A2. In the case where an archer's equipment, when shot at five (5) grains per pound does not generate 290 feet per second (fps), that archer may shoot arrows weighing less than five (5) grains per pound. However, equipment qualifying in this Paragraph A.2, shall not exceed an arrow speed of 290 fps. A variance of 3% will be allowed for chronograph variation.
- A3. Draw weight shall not be adjusted after entering the shooting course. Adjustments can be made only after the conclusion of a course. Doing so will be considered poor sportsmanship and subject to **disqualification unless adjustment is necessary during the period allowed for equipment failure.**
- A4. 3DAAA recommends that archers do not exceed manufacturer's recommended limits on arrow weight and draw length.
- A5. Regardless of speed or arrow weight configuration, all archers must comply with maximum draw weight restrictions for their class as outlined below in rule 3.B.
- A6. A maximum arrow diameter of 0.422" (27/64) will be allowed with an allowance of up to 0.425" for arrow point diameter.

# Rules of Shoot

- A7. The 3DAAA committee and or the host club range officials reserves the right to check and enforce that competitor's equipment complies with all sections of this rule book at any time they see fit to do so. Any person found to be in breach of any section of this rule book may be penalised and or disqualified from the event.

## **B MAXIMUM DRAW WEIGHT**

- B1. The maximum draw weight for each class shall be as follows

- B.1.1 Cub Classes = 40 pounds.
- B.1.2 All Female and Youth Classes = 60 pounds
- B.1.3 All Male and Traditional Classes = 80 pounds.

**NOTE:** Bow weight may be checked by an official refer to Section 3.A.7

- B2. A two (2) pound variation will be allowed.

## **C SIGHTS, OVERDRAWS, UNUSUAL EQUIPMENT, ETC.**

- C1. Overdraws are permitted in all classes except TRAD, RU.
- C2. There is no limit to the number of pins on a sight.
- C3. A sight used in a fixed pin class may not be adjusted once the archer enters the shooting course
- C4. Sights that project a laser light or other aiming dot on the target are illegal in all classes
- C5. An archer using new or unusual equipment not addressed by class definitions or elsewhere in these Rules, will be required to shoot in one of the open classes until the 3DAAA National Committee makes a ruling on the proper class for the equipment.
- C6. A verifier or clarifier style peep sight will be allowed in all classes that permit the use of sights
- C7. No type of draw check or clicker may be used in the traditional classes, except for the RU class
- C8. Shooters with movable sights are required to keep their yardage indicator covered at all times except when setting the distance for the current target. A shooter will receive a warning from the group or shoot official for the first offense. The penalty for the each subsequent offence will result in a deduction of five points.

## SECTION 4

### **SHOOTING RULES AND ETIQUETTE**

#### **A SHOOTING ETIQUETTE**

- A1. Shooting groups shall not consist solely of family and/or team members. Such groups shall be "busted" by including at least one (1) outsider who will keep score. Such groups must be aware that good sportsmanship requires an additional competitor/scorekeeper be added to their group. Failing to do so is unsportsmanlike conduct.  
(refer to membership policy for definition of a family)  
Shooting groups are to consist of no less than three (3) archers including a minimum of

## Rules of Shoot

two archers eligible to keep score and no more than five (5) archers. Cubs may not accompany a group unless that group has at least one person 18 years of age or older. If a group has less than three (3) archers they must join the group behind providing that group does not exceed five (5) shooters. If this is the case the archers are to split into groups following. If a group has more than five (5) archers then this group needs to break into two (2) groups.

Groups of less than 3 archers are permissible provided they are accompanied by a non-shooting tournament official.

- A2. An archer may only participate in one (1) class at any one 3DAAA sanctioned event. This does not prevent an archer from shooting a different style or class at a different event.
- A3. All shooting groups shall establish a shooting rotation. Groups that contain archers shooting from different stakes will follow the shooting rotation while insuring that no archer advances beyond their assigned stake before shooting. No archer (or spectator) shall approach a target prior to the entire group shooting.
- A4. When shooting the archer must touch the appropriate stake with some part of their body.
- A5. Each archer shall be allowed a maximum of two (2) minutes to complete their shot. This Rule shall operate as follows
  - A.5.1 Time will begin for the first archer when the previous group clears the target. Time will begin for the next archer when the previous archer releases their arrow
  - A.5.2 Archers should be sensitive to the time concerns of the groups behind them and make every attempt to shoot in a timely manner. An archer found to be over their allotted time by a range official may have five (5) points deducted from their score. If the actions of the whole group are contrary to this Rule, each person in the group may have five (5) points deducted from their score.
  - A.5.3 After shooting, the shooter should immediately clear the stake for the next shooter. Using binoculars from the shooting stake after the shot is prohibited. Repeated violations of this Rule will result in a five (5) point deduction of the shooter's score for each violation.
  - A.5.4 In order to support the two minute time limitation, an archer at the shooting stake may not let down more than three times. Let down is defined as drawing to anchor, then letting down and not taking the shot. If an archer lets down more than three times, he or she shall receive a score of zero for that target.  
All shooting groups shall enforce this scoring, and failure to do so will be considered falsification of a score and subject the group to those penalties described in paragraph B.1.9 under Scorecards. Repeated violation of an archer's two (2) minute time limit is considered to be unsportsmanlike conduct.
- A6. There shall be no discussion of yardage until all arrows have been scored. Discussion of yardage is permitted only among archers who have shot the subject target and must be done in a manner to ensure that other archers who have yet to shoot the target will not be assisted

# Rules of Shoot

- A7. No more than one (1) umbrella may be used to assist a shooter at the stake. The maximum size for an umbrella used on a range shall be "golf sized".
- A8. Weather and local conditions permitting, range opening and closing times will conform to the following;

Event	Opening times	Closing times	Top 10 Cut off time
-------	---------------	---------------	---------------------

**National Titles:**

Day 1	7am	4pm	3.30pm
Day 2	7am	3pm	not applicable

**Sanctioned Event:**

Day 1	7am	3:30pm	3pm
Day 2	7am	1:30pm (*See Below)	1:30pm (*See Below)

**Special Event:**

As Advertised.

**Club Event**

As per Club Policy

If local conditions (such as the number of shooters/available ranges or adverse weather conditions) logically dictate a change to these times during the event, the shoot director may vary them during the event, provided the revised times are displayed at the registration area. If local conditions dictate a change to these times prior to the start of the event, then they must appear on the shoot program for the particular event and be displayed at the registration area.

Scores turned in after the Top 10 cut off time will not be included in the calculation of the Top 10 or Exhibition Match contestants but will be included in the results for the overall event. Scores submitted after the closing times will not be accepted for the tournament.

*\*The Committee has chosen to introduce a minimum cut off time for Sunday shooting. Shoot officials may extend the time if circumstances warrant however they cannot be any earlier than shown above.*

Blatant time wasting by a group is considered to be unsportsmanlike conduct.

- A9. All 3DAAA competitive events are based on a "free-hand" style of shooting. No archer shall use any device such as shooting sticks, slings or other such accessories or shooting positions to create a "braced" shot.
- A10. All adult and youth archers must carry a whistle when on the range. In an emergency one (1) long blast of the whistle is to be sounded. All shooting must stop immediately (if at full draw the archer must let down and replace the arrow in their quiver) until further directed by a shoot official.
- A11. While there is no restriction on individual items of camouflage clothing at least one item of non-camouflage or high visibility clothing must be worn to ensure that the archer can be clearly and safely seen by other archers.

# Rules of Shoot

- A12. When searching for lost arrows behind targets at least one archer from the group must remain in front of the target for safety, to warn any following group of the holdup. Arrows not found within 2 minutes must be left. The archer may return after the days shooting is complete to look for missing arrows
- A13. Enclosed footwear must be worn at all times when on the ranges

## B SCORING

### B1. Score Cards

- B.1.1 At all 3DAAA Sanctioned Events, two (2) official score cards must be completed for each archer. Score cards must have the archer's name, 3DAAA Membership Number, and the 3DAAA Membership Number of each score keeper
- B.1.2 Score cards must be split between two (2) score keepers (Cubs are NOT permitted to score), so that each score keeper has one (1) card for each archer. Both score keepers must agree on a score, compare and record the score before arrows are pulled from the target.
- B.1.3 Arrows pulled early will receive a zero (0). Repeated violations of this Rule will result in the offending archer being disqualified, **unless the majority of the shoot group decides that the arrow can be pulled early for safety, alignment or disadvantage reasons (10 Yards MAX) the arrows can be pulled.**
- B.1.4 If the two score keepers for a group mistakenly record different scores; the inconsistent scores must be corrected as agreed upon by the majority of the group. The error must be circled and initialled by both score keepers and the correct score recorded or otherwise clearly marked. If agreement by the majority of the group is NOT possible, the shooter will receive the higher of the two (2) scores.
- B.1.5 Score cards must be legible, complete and signed by the archer to be accepted. No score card may be changed by a competitor or score keeper after submitting it to a Range Official. All score cards and check score cards MUST match and be signed by both the archer and scorer. Unsigned score/check score cards will not be recognised and all scores for the archer concerned shall be forfeited. The score of zero will be recorded for all ranges shot that day. Any records shot or 100's claimed will not be recognised.
- B.1.6 Score cards will be verified at the end of each days shooting. Each archer's score cards must be handed to the designated Official by the competing archer whose name appears on the score card. The archer will then sign off as accepting the days score as indicated on both score cards.  
EACH ARCHER MUST HAND IN AND SIGN FOR THEIR OWN SCORE CARDS.  
ALL ARCHERS IN THE SHOOT GROUP MUST PRESENT THEIR SCORE CARDS TO THE DESIGNATED OFFICIAL AT THE SAME TIME.
- B.1.7 Archers shall be responsible for their own score cards. It is up to each archer

# Rules of Shoot

to ensure that his/her score card meets the above requirements

- B.1.8** Host Clubs shall keep score cards for one (1) year following a 3DAAA Sanctioned Event.
- B.1.9** Any attempt by an archer to knowingly falsify a score, or knowingly allow another to falsify their score shall result in a disqualification of that archer for that shooting event, and that archer shall be ineligible to participate in any 3DAAA Sanctioned Event for a one (1) year period. A suspended competitor may petition the 3DAAA National Committee for re-instatement.
- B.1.10** The Tournament Director has the right, in their sole discretion, to correct harmless errors including but not limited to; score tabulation, posting, etc., which in the opinion of the Tournament Director, are clearly not a result of an attempted inflation of the archer's score.
- B.1.11** Completed score cards must be turned in to the shoot administration without delay following the completion of the final range for the day's competition
- B2. Scoring Arrows**
- B.2.1** Scores shall be tabulated as follows:
- Ten (10) points = 10 ring or heart.
  - Eight (8) points = vital area.
  - Five (5) points = body.
  - Zero (0) points = miss or arrow not touching body colour.
- B.2.2** For the turkey and the alligator, if more than one scoring area is visible on a target, the host club shall sign post which area shall be used at the shooting stake. In the event that such a target is not sign posted, the scoring zone that is most square to the archer from their shooting peg is the score zone that will be used.

## Rules of Shoot

- B.2.3 An arrow **shaft** touching the line of a greater scoring area shall be given the higher score. **Arrow parts that extend beyond the shaft, such as feathers or vanes, cannot be used to score the arrow.**
- B.2.4 The point of an arrow must stick in the target in order to receive a score other than a zero (0). Once an arrow passes by the target it will be scored as a zero (0). If an arrow passes by the target, hits an object and ricochets into the target it will be scored as a zero (0). Please note the explanations of a pass through, 'robin hood', or bounce back as set out in Paragraphs B.2.5, B.2.6 and B.2.7 below.
- B.2.5 An arrow that passes through a target may be scored if witnessed and agreed upon by the majority of archers in the group. A pass through is an arrow passing completely through the target with material 360 degrees around the arrow, leaving a separate entrance and exit hole. If the pass through was witnessed by a member of the group other than the shooter, and the group cannot agree, the archer may re-shoot the target before the group advances to score the target; without adjustment of equipment.
- B.2.6 All whole arrows, or partial arrows that include the point, that are sticking in the target shall be scored where they penetrate the target. An arrow embedded into the nock end of an arrow embedded in the target shall be scored the same as the embedded arrow. An arrow that hits another arrow (with the 'struck' arrow showing visible damage) shall be given the score of the 'struck' arrow. The majority of the group must agree that: (1) a particular arrow was struck, and (2) **that the struck arrow has a visible sign of damage preventing it being shot again. If this is NOT agreed to by the majority of the group the arrow shall be scored where it is embedded in the target**
- B.2.7 A bounce back is an arrow that squarely strikes the target and bounces back toward the shooter. An arrow that glances off the target is not considered a bounce back. A bounce back may be scored if the score can be agreed upon by the majority of archers in the group. If a member of the group other than the archer witnesses the bounce back and the group cannot agree, the archer may re-shoot the target before the group advances to score the target; without adjustment of equipment.
- B.2.8 An arrow released or dropped accidentally will be scored a zero (0) unless the archer is able to retrieve it while touching the stake using only your personal equipment and re-shoot it within that archer's two (2) minute period.
- B.2.9 Any arrow intentionally shot into the ground or any object other than the target shall be considered an act of unsportsmanlike conduct and the arrow scored as a miss.

# Rules of Shoot

**B.2.10** All arrows must remain in the target until all arrows are. The arrow shaft must be touching any portion of the next highest scoring line to be scored for the higher value. The status of any doubtful arrows must be determined and a judgement made before drawing any arrow from the target. If both score keepers are in agreement, the score will stand and arrows may be removed from the target. In the event that a clear decision is unable to be made, the scorekeepers' will alternate the responsibility of making the final determination; an agreement of this should be made before commencing to shoot (i.e. Official Scorer – even targets; Check Scorer – odd targets). An archer cannot decide on an arrow call if the arrow in question is theirs. Groups will be responsible for calling their own arrows, although if present a Range Official may call any arrow. Please keep in mind timeliness as other groups may be waiting to shoot

## **C BINOCULARS AND RANGEFINDERS**

**C1.** An integral part of 3DAAA competition is the archer's ability to judge yardage without the assistance of range-finding devices or assistance from others. Therefore, cameras, rangefinders or any other devices that may be used to calculate yardage to the target are prohibited. An archer may not use parts of his/her body, the bow, or any other accessories or equipment to calculate yardage. Any mark on otherwise legal binoculars that could be construed as a reference point for range finding is prohibited. Archers using adjustable sights may not adjust their sight elevation after drawing the bow and sighting the target.

**C.1.1** Range finders or any similar device that may be used to estimate or verify the distance shall not be carried or used on any competitive target range or in proximity to the Top 10 area. They may be carried and/or used on all the practice ranges, both 3D and target and in the car park and camping area for the purposes of checking target distances and practising range estimates  
Any person found in possession of a rangefinder in a prohibited area shall be guilty of acting in an unsportsmanlike manner and dealt with under rule F.4

**C2.** Hand held binoculars are allowed without magnification limitations.

**C3.** Binoculars shall not be used at the stake after the shot has been taken. An archer with an adjustable sight may not adjust their sight after they have used their binoculars at the shooting stake. Archers may utilize binoculars additionally to view the target, while waiting their turn at the shooting stake or from an 'on deck' area behind a group that is in the process of shooting a target

# Rules of Shoot

## D EQUIPMENT FAILURES AND LEAVING THE COURSE

### D1. Leaving the Course

D.1.1 Once an archer begins a shooting course they must finish with their group unless given permission to leave by a Range Official, or the entire group, or in the event of equipment failure. Any archer or group that leaves a range without the authorisation of a Range Official or the entire group will not be allowed to continue

D.1.2 When possible, in the case of inclement weather, a siren or other warning system shall be implemented, indicating that a potential emergency exists, and all shooting and practice ranges are immediately closed.

When this warning has been sounded, all shooting activity must cease, and everyone should seek appropriate shelter. Archers shall use the utmost caution to ensure the safety of all persons involved. Archers may only resume shooting activity after being instructed by the Range Officials on the proper manner to re-enter the competition ranges once the emergency has passed and the ranges have been re-opened. Due to the severe risk to oneself or other shooters and/or range personnel in a potential emergency situation, any attempt to circumvent these safety warnings and continue shooting will be viewed as unsportsmanlike conduct, and will be grounds for immediate disqualification

D.1.3 Once an archer begins a shooting course, they may not exchange equipment unless there is an equipment failure as set out below.

### D2. Equipment Failures

D.2.1 Equipment failures must be visible and agreed upon by the majority of the group  
The procedure for dealing with equipment failures shall be as follows:

- The score keepers for the group shall write "equipment failure" on the score card of the archer with the equipment failure and initial the score card; an arrow shot during equipment failure shall be scored where it lies.
- The score keepers will tabulate the archer's score to that point and initial the cards appropriately;
- The archer with the equipment failure shall then cautiously proceed forward through the course and notify a Range Official ASAP on the day;
- If three (3) or more archers remain in the group, they may continue shooting. If two (2) or less remain, they must join the following group (so long as it does not result in a group of six (6) or more), or step aside and wait for a Range Official before proceeding. If Range Officials are not readily available then the group should proceed through the range to the administration area;
- The archer will be given a time by a Range Official within which the repair must be completed.

## E PEER GROUPS

E1. At the 3DAAA National Championships competitors' qualifying with the top three (3) scores for "Shooter of the Year" (or the top six (6) shooters if the group is comprised of

# Rules of Shoot

five (5) shooters) in all adult classes will be peer grouped. If an archer is placed in a peer group and does not shoot in the group they will be ineligible to win "Shooter of the Year". Additional archers or peer groups may be added at the discretion of the National Committee.

- E2. All peer groups will be allocated start times with the commencement of a day's shoot and the order in which the ranges are to be attempted. Failure to adhere to the allocated start time or order of ranges without the approval of the Tournament Director AND the Score Recorder will result in the Peer Group being penalised at the discretion of the shoot officials. Penalties may include, but are not limited to, loss of points for a target or the entire range.
- E3. Upon arrival at the first range of the weekend Peer Groups are responsible for checking whether there are other Peer Groups with an earlier start time present/waiting for the use of the range. The group/s with the earliest start times has preference on the range to all other shoot groups. The correct starting order should be determined by the groups to ensure each Peer Group starts as close as possible to their allocated time. Peer Groups who knowingly shoot before another group/s with an earlier start time may be subject to penalties such as, but not limited to, loss of points for a target or an entire range at the discretion of the shoot officials

## **F TIE SCORES, UNSPORTSMANLIKE CONDUCT, AND MISC.**

- F1. Tens (10) will be used to break ties. The archer with the most tens (10) will be the winner. If still no result: then eights (8) are to be used. However, if two (2) or more archers still finish with identical scores, the Host Club will declare a shoot-off. A shoot-off will consist of a 3-D animal set at an unknown distance, within the limits of the relevant class, and an "X" shall be placed in the centre of the highest scoring area. The archer whose arrow is the closest to the "X" will be declared the winner. If only one (1) archer is present at the shoot-off, he/she will be declared the winner. If neither archer is present a coin toss will determine placement. This rule applies to archers finishing in 10<sup>th</sup> place or higher.
- F2. No alcoholic beverages or recreational drugs may be carried or consumed on any shooting course, range, or practice area by anyone during shooting hours. If in the opinion of a Range Official, an archer who is under the influence of alcohol or recreational drugs attempts to enter a course, range or practice area, the archer will not be allowed to shoot and will be suspended from that competition. Repeated violations may result in a revocation of their 3DAAA Membership  
Using performance enhancing drugs: 3DAAA has developed its Anti-Doping Policy (2004) which outlines the Association's stance on drugs in sport.
- F3. Spectators shall not distract, interfere with or assist archers while on the shooting course or range.
- F4. Unsportsmanlike conduct will NOT be tolerated. Any action considered unsportsmanlike by the Host Club or the 3DAAA National Committee will be grounds for disqualification and/or suspension from Membership. Examples of unsportsmanlike conduct include, but are not limited to the following.
  - F.4.1 Shooting more than one arrow from a shooting peg, whether aimed at the target or not

# Rules of Shoot

- F.4.2 Shooting anywhere at a venue other than the designated practice range or shooting stake.
  - F.4.3 Projecting any illuminated aiming point onto a target;
  - F.4.4 Littering or improper disposal of rubbish. Leaving drink cans or other rubbish at the shooting stakes is considered littering. If you take it onto the range it is your responsibility to remove it from the range.
  - F.4.5 Communicating to another archer the yardage of a particular target that the archer has not yet shot;
  - F.4.6 Using a mobile phone on the shooting range. All forms of electronic communication are prohibited while on the shooting range unless communication is required for an emergency. Cell phone and other devices must be silenced before entering the range.
  - F.4.7 Disobeying or disregarding the orders of a Range Official or Shoot Official;
  - F.4.8 Using offensive, indecent or obscene language.
  - F.4.9 Any otherwise listed rule violation which does not carry a specific penalty.
- F5. Children under the age of eleven (11) must not carry their arrows while on the course, range or practice area. Arrows must be carried by a person 18 years of age or older.

## Rules of Shoot

### C LEVEL THREE: NON-COMPETITIVE NOT ELIGIBLE FOR SHOOTER OF THE YEAR, NOT ELIGIBLE FOR FUNDING

- C1. 3DAAA may at its discretion, introduce a number of non-competitive divisions to promote participation at tournaments.

These classes will be non-competitive for 3DAAA Sanctioned Shoots, State Series, National Championships and Shooter of the Year.

Entry fee is the same as any other age equivalent division.

No records will be kept by the Association for these divisions.

Competitors who are NOT full members of 3DAAA will shoot in these divisions. Competitors will be ineligible to compete in Top 10 shoot outs and Match Play shoot outs.

- C2. **Non Competitive Class (NCC)**

A compound, recurve or longbow with or without a sight. Any type of release aid, glove, finger tab or bare fingers may be used. A maximum of eighty (80) pounds peak weight is allowed. To be shot from whatever stake the archer feels comfortable with. Competitors will not be awarded a trophy at any 3DAAA Sanctioned Shoots. This division has been designed to cater for the novice archer who wishes to try the game, but is not confident shooting from the distance dictated by their normal equipment. The competitor is not confined to shooting a full round from the same stake, but can move between stakes depending on the difficulty of the individual shot.

- C3. **Cub Junior (CUBJ) Under 8 Years of Age**

A bow with or without a sight; can be shot with a release aid, glove, finger tab or bare fingers. CUBJ archers will shoot from the BLUE stake; maximum of 15 yards.

## SECTION 6

### RULE VIOLATIONS AND PROTESTS

#### **A RULE VIOLATIONS**

- A1. Any person in violation of the above Rules may be disqualified from the event in which they are participating and may be suspended from 3DAAA Membership. No warnings are necessary prior to imposing a disqualification, suspension, other disciplinary action or penalty.
- A2. Any person suspended from 3DAAA Membership shall not be allowed to compete in any 3DAAA or 3DAAA Club Event for the duration of the suspension.
- A3. Range and Event Officials are to be respected and have the authority to disqualify an archer from an event for unsafe behaviour and/or violations of the above Rules.
- A4. Peer groups have additional considerations - refer to section 4.E

#### **B PROTESTS, APPEALS, AND REQUESTS FOR RECONSIDERATION**

- B1. At all 3DAAA Sanctioned Events, an archer, upon the 'good faith belief' of a rule, may file a protest with the Protest Committee. The Protest Committee will be made up of at least three (3) 3DAAA committee members or if the 3DAAA committee are not available, one (1) host club range official, and two (2) independent members (from independent clubs, not from the club of the member/s involved in the protest or appeal) in good standing of 3DAAA. Must have at least 2 years continuous membership with 3DAAA and have a good understanding of 3DAAA rules and policies. No protest will be heard by the Protest Committee unless the protest is accompanied by \$50.00 and a written request for consideration that clearly outlines the basis for the protest. Protests must be turned in no later than one (1) hour after the close of shooting ranges for the day. The Protest Committee, in its sole discretion, may consider the protest solely on the written submission or may require testimony of available witnesses. Decisions of the Protest Committee will be made prior to the conclusion of the event, and awards may be issued at the conclusion of the event based on the Committee's decision. The Protest Committee shall preserve all documents submitted. Written documentation for the basis of the decision, along with all documents shall be forwarded to the Secretary of 3DAAA.
- B2. The person filing the protest; or the person being protested may appeal the decision of the Protest Committee to the 3DAAA National Committee by filing a written appeal to the 3DAAA business office within five (5) working days of the Protest Committee's decision. If an appeal is made, the Protest Committee shall give the 3DAAA National Committee all material submitted to them and the written basis for their decision. The 3DAAA National Committee will hear the appeal at the next regular scheduled meeting. The 3DAAA National Committee will do their best to resolve the issue in a fair manner based on the information before them. However, archers must realize that some issues are very difficult to resolve after the conclusion of a shoot and an appeal may not be considered by the 3DAAA National Committee if, in their opinion, sufficient accurate information cannot be gathered to make an informed decision.

# Rules of Shoot

## **B3. SCORING DISCREPANCIES.**

In the event of a scoring discrepancy, a protest may be filed by following the above procedures, OR if there is no allegation of intentional wrong doing and the scoring discrepancy is the result of inadvertence, simple error, or mistake, a request for reconsideration may be filed with the 3DAAA office no later than the first Friday following the conclusion of an event. If a protest concerning a scoring discrepancy or a request for reconsideration is filed with the 3DAAA office, the 3DAAA National Committee will review the appeal or request and a FINAL decision will be made and communicated to the archer within ten (10) working days following the date the protest or request is received. In the event a protest or request for reconsideration is received after the awards ceremony begins, 3DAAA or Host Officials will not be held responsible for awards given based on results posted prior to the awards ceremony at the conclusion of the event.

## **B4. The intentional failure of an archer to cooperate with a Protest Committee in its investigation of a protest is unsportsmanlike conduct. The Committee may disqualify or declare the archer ineligible for awards at that event and the archer may be further sanctioned by the 3DAAA for their failure to cooperate**

If a decision by the Protest Committee or the 3DAAA National Committee results in a change in the finishing order of a particular class, the 3DAAA National Committee, in its sole discretion, may require the archers' who are affected by the ruling to return their awards as needed to redistribute the awards based on the decision of the Protest Committee or the 3DAAA National Committee.

## **C REVIEW OF COMPETITION BY 3DAAA**

It is the intent and goal of 3DAAA to encourage participation in archery by providing a fair and equitable competition for every competitor at every 3DAAA Sanctioned Event. 3DAAA also recognizes that it is very difficult for 3DAAA and Host Clubs to set ranges, monitor rule violations, tabulate scores, encourage safety, hand out awards, and do all the other things required for a successful competition in a very short time period. Consequently, 3DAAA reserves the right in its sole discretion to investigate, review, and/or correct any competitive result based on any violation of rules, unsportsmanlike conduct, shooter eligibility, inadvertence, mistake, harmless error, or any other relevant circumstance, whether or not a protest or request for reconsideration is filed.

# Rules of Shoot

## SECTION 7

### INDOOR COMPETITION

#### **A GENERAL INDOOR RULES**

**A1.** An indoor range is considered to be similar to an outdoor 3D course in that the rules which apply to the outdoor course apply to the indoor course where relevant. These include but are not limited to:

- Influence of alcohol or drugs
- Scoring arrows
- Obeying range official directions
- Un-sportsman like conduct
- Competition divisions
- Protests
- Safety consideration
- Use of score cards
- Arrow sizes, draw weights, grains per pound restrictions
- Enclosed footwear must be worn at all times when on the ranges

#### **B SPECIFIC INDOOR RULES**

- B.1.1** Where the archer and scorer cannot agree on an arrow's score, a Range Official shall be called to decide the arrow value.
- B.1.2** Arrows shot on the wrong target score a 0
- B.1.3** All archers must comply with the Range Official's commands immediately.
- B.1.4** An archer's front foot must be in contact with the shooting line. Failure to comply will result in the loss of the highest scoring arrow in the target at the completion of that end.
- B.1.5** At the completion of shooting, the archer will immediately step back behind the waiting line and not interfere with archers still shooting.
- B.1.6** No offensive or un-sportsman like conduct will be tolerated. A person found to be acting in this manner by a Range Official will be automatically disqualified from the event and asked to leave the premises. Failure to comply with the direction of a Range Official will be dealt with in the normal manner.
- B.1.7** Equipment failure must be brought to the attention of a Range Official. If it can be repaired during a break, the archer may complete the match and make up the arrows after the event has completed if permitted by the Range Official. A 3 arrow practice will be allowed after the repair has been completed.
- B.1.8** All archers' skill levels will be assessed at the commencement of a match. If in the opinion of the Range Official and archer's skill level is deemed to be inadequate, which could lead to damage or safety concerns, the archer will not be allowed to continue in the match.

# Rules of Shoot

- B.1.9** Archers will share the scoring with the competitor in the next lane. A running total MUST be calculated, compared and agree between scorecards after scoring each end and before the arrows are pulled. In the event that the status of a doubtful arrow must be determined, both scorers must reach an agreement on the arrow's score before removing the arrow. In the event that an agreement cannot be reached a range official shall be called. The Range Official's decision regarding doubtful arrows will be final.
- B.1.10** All cubs must be accompanied by an adult during the event. Local venue rules could also require cubs and juniors to be accompanied by an adult whilst in the venue.
- B.1.11** Shooters may change out damaged targets throughout the event only with the Range Official's permission and at the archer's cost.
- B.1.12** Archers will be allocated a target lane. If more than one archer is allocated to the same lane, they will decide who shoots first. If there is no agreement, the Range Official will make that decision.
- B.1.13** If more than one archer is shooting in a lane, they swap over after 5 ends
- B.1.14** The Range Official will determine which target is shot first based upon the range lighting. eg if the range is lit from above, then the bottom target is shot first so that no shadow falls across the top target.
- B.1.15** If an arrow is released and any part of it extends beyond a line 3 metres from the shooting line, it is considered shot and will score a 0. If no part of the arrow is beyond the line then it is not considered shot and another may be shot in its place. If another arrow is shot and later the original arrow is found to be over the line, then the archer loses the highest scoring arrow in the target.
- B.1.16** Arrows which bounce or fall out of the target will be made up at the completion of the round. A time of 30 seconds will be allowed per make up arrow.
- B.1.17** An archer must carry sufficient arrows to complete an end. No allowance will be made in time if an archer has insufficient arrows to complete the end.
- B.1.18** If an arrow is release after the completion of the shooting time, the archer loses the score of the highest arrow irrespective of where the arrow is imbedded in the target.
- B.1.19** Archers who violate the scoring time will be warned by a Range Official. Repeated violations may incur a penalty of 5 points per violation or disqualification.
- B.1.20** Where more than the required number of arrows are shot in a single end, the competitor will lose the arrow scores for those arrows shot in excess of the required number. (This will include arrows that miss the face)
- B.1.21** Two practice ends will be allowed before scoring commences.

# Rules of Shoot

**B.1.22** At the end of the shoot the official score card and the check score card are to be checked for inconsistencies by both shooters. If the correct score cannot be agreed upon by both archers, then both archers may be penalised the loss of their highest scoring arrow for the end in dispute.

## **B2. DISTANCES**

- Adults 20 yards
- Juniors 20 yards
- Cubs 10 yards

**B.2.1** Targets are to be set at a minimum height of 1 metre from the ground to the centre of the lower target with any additional targets in the same shooting lane located directly above or beside that target.

## **B3. EVENT TIMING**

**B.3.1** Walk-up time - 10 seconds (archer moves from the waiting line to the shooting line but may not raise the bow before the shooting time commences. Archers may load an arrow on the waiting line)

**B.3.2** Scoring time – 4 minutes (arrows must be scored and retrieved and the shooter return to the waiting line in this time.)

## **C ROUNDS**

### **C1. STANDARD ROUND**

**C.1.1** The Delta ASA Indoor Round target will be used for this round.

**C.1.2** An optional 3 spot target will be available for this round only, at an additional cost to the competitor

**C.1.3** For the optional 3 spot target, only one arrow per face will be scored. Where more than one arrow is embedded in a single face, the lowest value arrow will be scored.

**C.1.4** 10 ends of 3 arrows each end (total 30 arrows)

**C.1.5** 14 ring is not in play and will be scored as an 8

**C.1.6** 12 rings are not in play and will be scored as a 10
