AFFILIATIONS: INTERNATIONAL
BOWHUNTING ORGANISATION ARCHERY
ALLIANCE OF AUSTRALIA

Well, still trying to figure out if 2020 was a year that was, or a year that wasn't, maybe the latter. But I believe with the support of the clubs and the professional way they handled the covid restrictions, and the committees intent to continually look at ways that the calendar could be adhered to, I think together we all managed to achieve something, which is a testament to all involved.

As the President of 3D AAA I want to acknowledge the huge workload that this current committee has been involved in and the professional way they have conducted themselves. I have virtually done nothing, but put my faith and my trust in these people, to do what they do best, and I have not been disappointed in any one of them.

As 2021 approaches, I would like to remind the clubs committees of their duty of care to all who play our game. The young, the beginner, the women and families, if you find it hard to provide a safe and welcoming club atmosphere, please do not put your hand up for your clubs committee positions. To all those members that chose to try our game your club will grow, as will the membership of the Association.

As an association, we try very hard to stay out of your clubs politics, but if we are asked to intervene, we will. I do see a bright future as we go forward, hopefully more clubs will come on board and enjoy the financial rewards that 3D AAA offer to those who are prepared to run our sanctioned shoots.

It's an honour and I'm proud to be the President of 3D AAA, I want to thank you all for your support, I wish you all a Merry and a Safe Christmas, and hopefully 2021 will be good year for you all.

Terry Sheather
President of 3D AAA.
