AGM 2019 - 2020 Annual Report Secretary / Vice President

Cordell McGuire

3DAAA Secretary's Report June 2019 - May 2020

Well what a year this has been, to say never a dull moment is definitely an understatement.

As year started off with newly elected members on the committee, there was no time to sit back rather it was straight in the jobs and getting things done. With Terry as the President at the helm, we were trusted to do our best at what we were assigned.

Nationals 2019

2019 with all the plans in place, courses set and competitors at their accommodation in Nambucca Heads the atmosphere was one of excitement and plans for those great scores we had all practiced for throughout the year.

Thursday afternoon a call was received and the NSW Forestry could not let the event run due to the bushfires in surrounding areas.

The committee was called together, all ideas put on the table and as a result of contacts in the area we were able to secure a new location.

A 50 target course was arranged, targets relocated and competition was back on again – this was all done in under 48hrs.

At the same time we were in contact with our Insurers, NSW Fire Authority and key people to ensure what we were setting up for the competitors was safe.

For those of us there, it was not only a great venue but it also had challenging courses with all the administration and assistance moved out into the field.

I would like to thank the committee, for their time effort and sacrifice in getting this event up and operational, along with the members that also gave their time to assist and be there to get things done.

2020 Pandemic COVID_19

With Pandemic making its presence felt in early March 2020, and by the end of March the WHO declaring COVID-19 a pandemic; things needed to change.

Some key points;

3D AAA stepped out in front enforcing the tight enforcement of Australian / State / territory legislation.

3D AAA set up regular new letters to advise clubs their roles and requirements

3D AAA put in place an Infectious Diseases Policy along with a Risk Management Matrix in consultation with our Insurer

It is here I would like on behalf of the 3D AAA Committee thank all the clubs for the effort and time they put into implementing these changes so that we could run events in NSW & QLD. Victoria has them in place just that we were in Lockdown.

Nationals 2020

With Pandemic of COVID-19 combined with border closures and quarantine requirements we have regretfully had to cancel the Nationals for 2020.

3D Targets

Sadly Tony Knight passed away in 2020, and all our condolences and best wishes are with the family.

None the less 3D AAA will be working closely with Cougar Targets in the coming years ahead to continue to offer a range of quality targets approved by 3D AAA at a more affordable price.

Sponsors

In 2019 – 2020 the committee has work hard on promoting our sponsors, in these challenging times in 2020.

We would like to thank them all for their support to the Association and to the individual clubs.

In closing

I said in 2019 this would be the year of improving the team/committee's dynamics, and I believe that this is demonstrated in the achievements we have made in 2020 amidst the challenges we faced

Regards
