Calculation of target hire costs: Target hire is calculated at the rate per shooter per times the target was used. e.g. if 10 targets were hired and they were used on Saturday and Sunday (twice) and there were 100 people at the shoot (excluding cubs) then the cost is calculated as:

$10 \times 2 \times 100 \times \$0.30 = \$600$. It equates to \$3/shooter/10 target round

Whilst this may seem high, the club does not have the replacement cost of the targets to pay from its shootprofits.

If you require further information, please do not hesitate to contact me.

Please remit within 14 days of the event, your cheque and all the required documents to the Tournament Director.

-Payments can also be made direct to the 3DAAA Bank Account

- BSB -032 536
- Account Number - 114643
- Account Name- 3DAAA

Membership applications/renewals must be forwarded within 2 days under separate cover along with a cheque to the membership secretary within 2 days

The money paid from these shoot returns goes back to the competitors in a number of ways.

1. It is used to purchase trophies for the State Series Winners.
2. It is used to purchase Shooter of the Year Trophies.
3. The remainder of the shoot fee goes into a travel fund to assist Shooters of the Year to participate at the following year's IBO World Titles in the USA should they choose to attend
4. Target hire fees goes towards maintaining the targets for clubs to hire
5. Team nominations contributes towards the trophies for Club and Sponsored Teams of the Year
